

# Jay Series, Select, Baja, J/Trax

Built Better.

2007 Camping Trailers by Jayco®

Jay Series | Select | Baja | J/Trax | 2007 Camping Trailers

AMERICA'S MOST LIVEABLE RVs.

AMERICA'S MOST **LIVEABLE** RVs.

"Liveable" may mean what you see, what you feel or even what you trust about a Jayco. But one thing is for certain, "liveable" is the reason why more people across North America are making Jayco their choice in RVs.

Jay Series™

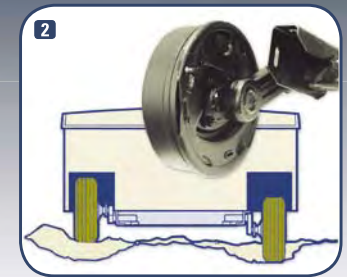

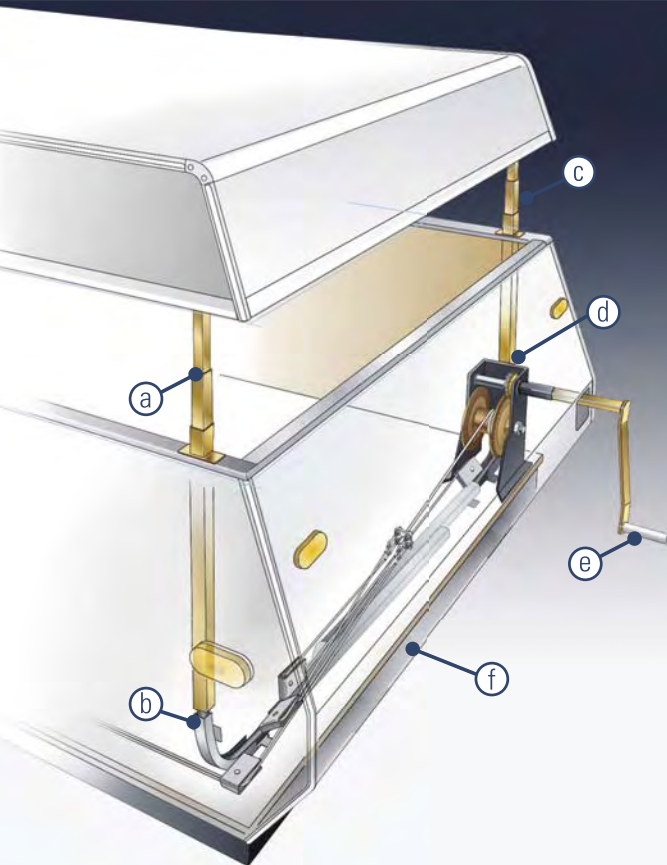

## Invisible Liveables

Camping simplified is what folding camping trailers are all about. Jayco believes owning one should be simple as well. Jayco's fully enclosed, patented lifter system means reliable quality with no rust, no dirt build-up and no surprises when you unfold season after season. Jay Series, Select, Baja and J/Trax all mean built better.

### Jayco's Patented, Fully Enclosed Roof Lifter System

- a. Jayco uses tubular lifter posts instead of C-channels. They have smooth walls and no edges to chafe or soil the tent with grease. They also have no openings. Fingers can't get inside, eliminating the chance of injury!
- b. Stop worrying about cables or pulleys getting caught in lifter posts. Strong flexible steel push-rods guide the roof up as you crank.
- c. For years of trouble-free operation, Jayco camping trailers use nylon bushings in the lifter posts. This reduces friction, wear, and tear.
- d. The automatic brake on our lifter system winch helps prevent the roof from falling before it's all the way up so it's OK to take a break while cranking.
- e. Our lifter system crank is set at an ergonomic height. You don't have to bend way over or scrape your knuckles to use it. We also made it easier to turn, so setup is a cinch.
- f. The roof-lifter system on all Jayco camping trailers is fully enclosed above the floor. This eliminates damage to parts from road debris and weather as a result of transit—a common problem with competitors' underfloor-mounted lifter systems. It also eliminates rodent or insect access points found where competitors' cables pass through the floor.

1. Frames protected from corrosion by 12-stage E-Coat™ finishing system
2. TorFlex® torsion-axle suspension simplifies towing (available only on Select camping trailers)
3. Single-piece Structurwood® floor is undercoated and edge-sealed to repel moisture
4. One piece tents with unique Velcro® tent-to-bunk attachment system for superior strength
5. Plywood construction
6. Domed fiberglass roof built with no center seam for better water runoff
7. Crank-down stabilizer jacks with sand pads
8. One-piece fiberglass exterior sidewall
9. Rounded one-piece high-density polyethylene wheel wells
10. 1/8" luan board
11. EZ Lube® axles make maintenance a snap
12. Retractable, skid-resistant double step (optional on J/TRAX)
13. One-piece entrance door
14. Undercoated floor constructed of edge floor Structurwood™
15. Easy-care vinyl flooring, wall to wall
16. Spills are no problem on reversible vinyl dinette cushions
17. Heavy duty A-frame construction
18. One-piece extruded aluminum bed frame
19. Plywood decking
20. White powder coated bed bow
21. Rugged diamond-plate panels used on front and rear endwalls (N/A on J/TRAX)
22. Jayco's old-world Amish craftsmen build RVs with the same tried-and-true construction methods used for generations
23. Comfortable Jay Series interior enhances your camping experience

## Incredible Liveables.

The high-walled Select brings space to the camping trailer. Space for larger refrigerators, full ranges with microwaves and more headroom. Select also means more storage space inside and outside.

**Select™**  
Premium Camping Trailer

Jayco's new recessed stainless steel range/sink combo is a real space saver when it comes to meal preparation.

The RVQ®, Jayco's optional portable gas grill, attaches quickly whenever your family is ready for a cookout.

Keep food items cold and fresh (without depending on coolers) with this handy 3-cu. ft., 3-way refrigerator.

Lockable storage trunk gives you a spot for large items and helps keep your living space clutter-free.

## Off-Roadable Liveables.

Thirteen inches of ground clearance and heavy-duty suspension gets you where you want to go. The front Bike Port™ deck, with 1200-lb. weight capacity, holds 2 bikes or an ATV to use when you get there. Hunting, fishing or just off roading... with Baja, you've got your base camp.

**BAJA™**  
Camping Trailer / Toy Hauler

After a busy day of fishing or 4-wheeling, relax in the comfort of the Baja's homelike living space.

10Y

Plug your iPod® into the dock and enjoy your favorite tunes with family or friends on the built-in stereo system.

Store your repair and maintenance tools in the optional diamond-plate toolbox.

For smoother trips, Baja camping trailers are built with leaf springs and shock absorbers.

## Affordable Liveables.

When sleeping on the ground gets old, J/Trax is your next move. All the comforts of RV camping while keeping cost and weight to a minimum. Options include air conditioner, refrigerator and even a furnace to extend your camping season. You could get used to this!

**J/TRAX™**  
Economy Camping Trailer

White laminate storage compartments provide room for all your essentials and a clean, contemporary look.

Enjoy the best of both worlds with the J/Trax – the simplicity and affordability of tent camping with the interior comforts of an RV.

Get off the ground and elevate your sleeping comfort with the three bunks inside the J/Trax. They can accommodate up to six.

treadlightly!®

OFFICIAL SPONSOR

Jayco proudly sponsors Tread Lightly!®, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

# Measurable Liveables.

## Customer Value Package

- 2-cu.ft. 3-way gas/electric refrigerator (110V/12V/Propane)
- 7-spoke polished aluminum wheels
- AM/FM stereo and CD player
- Battery gauge
- 1 Bunk-end fan lights (2)
- iPod® adapter
- Prep for solar power
- Self-storing awning made by Jayco®
- Water purification system

## Standard Exterior Equipment

- 12" C-range tires (806, 1007)
- 13" C-range tires (1006, 1207, 1206)
- 14" D-range tires

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up, and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specification chart on the left. This chart is for guidance only, specifications may vary.

**Unloaded Vehicle Weight (UVW):** Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options, or dealer-installed accessories.

**Gross Vehicle Weight Rating (GVWR):** GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

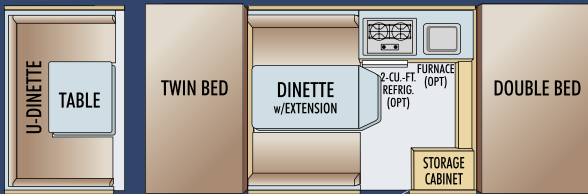

**Cargo Carrying Capacity (CCC):** CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo, and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

**Hitch Weight (HW):** The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

## We Back What We Build.

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. In addition, our limited warranty may be transferred one time within the warranty period. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business!

Jayco offers the original purchaser additional industry-leading lifetime parts and labor coverage on our lifter system, roof, floor, and frame. We also offer five-year (5) coverage on our tent with parts, labor, and freight covered the first two years; parts, factory labor, and return freight during years, three, four, and five.

### Lifetime Coverage.

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer or visit our website at [www.jayco.com](http://www.jayco.com).

### Customer First Roadside Assistance

Travel worry-free with your camping trailer with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net®, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

- 24-hour toll-free emergency message service
- Toll-free nationwide service appointment assistance
- Free custom trip routing and full color map service
- Free dispatch of on-site mechanical service
- \$1,000 auto theft or hit-and run reward
- \$2,000 trip interruption reimbursement
- Free jump starts
- Free tire changes
- Free fuel delivery
- Free lockout service
- Free travelers checks
