**TRACKER
WIDEAXLES**

An innovative axle design distributes weight more evenly for a smooth ride.

YOU WANT PEACE OF MIND

That's why we offer our exclusive 2-year Co-Pilot Warranty, the industry's best and most comprehensive warranty program.

good things do come in
SMALL PACKAGES

Say hello to the **JAYCO WHITE HAWK**. Your truck will think she's small, but your family will think differently. Big on space, thanks to 36" deep slideouts, and big on amenities, like expansive MaxView windows and standard premium paint, you'll forget you're in a travel trailer. From towing to teardown—and everything in between—you'll enjoy every minute of your getaway.

* Consult with your authorized automobile manufacturer or vehicle owner's manual.

MAXVIEW
WINDOW

The view is twice as nice in a White Hawk thanks to large 60" or 70" dinette windows.

MAGNUMROOF SYSTEM
BY JAYCO

An exclusive Jayco design, our roof system is 50% stronger than other industry roofs.

ELITE  **KITCHEN**

The Elite Kitchen features Amish-crafted cabinetry, halogen lighting and backsplash.

WITH YOUR PURCHASE.

Every Jayco RV undergoes rigorous quality control testing before it leaves the factory, so you can be confident your new Jayco will continue to provide the ultimate in reliability for years to come.

For a copy of our 2-year limited warranty with full terms and conditions, ask your local Jayco dealer.

WHITE HAWK TRAVEL TRAILERS

twice the *expandable space*

Thanks to 36" deep slideouts, White Hawk is the roomiest travel trailer on the lightweight market, boasting twice the expandable living space of standard lightweights. Innovative floorplans maximize the expandable design, while thoughtful details, like the Elite Kitchen and family-friendly bunks, equip you for your every camping need.

SMART DESIGN

Maximize space with roomy pantries, a messaging/charging center and stylish, functional dinettes with rounded-access cabinet doors.

a *reputation* for quality CONSTRUCTION

At Jayco, we've built a reputation for superior construction and quality craftsmanship. We pride ourselves on always using top-quality materials and innovative manufacturing techniques. That commitment has led to our latest construction advancement, the all-new exclusive Magnum Roof System, 50 percent stronger than other roofs in the industry, built to outlast everything but your memories.

OUR NEW ROOF FEATURES ...

- 1 4 1/2" crowned wood trusses: Uses 2"x 2" vertical studs to maximize load capacity, while oversized nail plates provide a tighter design
- 2 3/8" roof decking, screwed down at every seam: More durable than typical stapled construction, provides fully walkable roof
- 3 Residential attic-style insulation: Maintains interior temperatures while allowing for room to run wiring, reducing risky electrical shorts
- 4 One-piece, sidewall-wrapped Alpha Ply material: Provides better leak protection

WALL CONSTRUCTION

- 5 Vacuum-bonded layers: Involves 15-18 minutes of 144 tons of pressure to ensure a strong bond
- 6 Welded aluminum frames with metal backers: Lighter than wood, increases towability
- 7 Bead-foam insulation: Maintains temperatures
- 8 Extra-wide corner seals: Prevents leaks on the corner molds, baggage/entrance doors and window seals
- 9 Innovative, aerodynamic front profile: Eliminates angled profile, increasing towability

FLOOR CONSTRUCTION

- 10 Vacuum-bonded layers: Backed by computer monitoring and constant quality control checks, Jayco prides itself on building a solid foundation
- 11 Bead-foam insulation: Maintains temperatures
- 12 I-Class structural I-beam frame: One-piece design, provides more durability than a welded three-piece frame
- 13 Innovative A-frame: Fully integrated, and not welded, prevents buckling

STANDARDS AND OPTIONS

STANDARD EXTERIOR EQUIPMENT

Deluxe Graphics Package with Mocha paint-infused fiberglass front wall, back wall and 12" sidewall color band
TuffShell vacuum-bonded laminated sidewalls, front walls, floors

THE **Jayco**[®] family STORY

THE JAYCO STORY BEGAN IN 1968 WITH OUR FAMILY—THE BONTRAGERS. Lloyd Bontrager created an innovative, easy-to-use lifter system that led to a better fold-down camper. Loaded with more conveniences, he believed his camper would bring families closer together.

Since then, the Jayco family has grown. From our factory to our front office, from our salespeople to our suppliers, our family bond is four decades strong with the support of more than 300 Jayco dealers.

Together, we're helping make new family stories. **YOUR FAMILY STORY.**

welcome to the **Jayco family**

Establishing a solid relationship with your local Jayco dealer is a key component in the enjoyment of your new Jayco. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support. We hope you enjoy working with them as much as we do.

Jayco proudly sponsors Tread Lightly!, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

Unloaded Vehicle Weight (UWV): Sometimes referred to as "Dry Weight," UWV means the typical weight of this trailer as built at the factory. The UWV, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UWV plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UWV and the CCC.

From RV insurance to extended warranties, JayPlus has it covered. Ask your Jayco dealer about our exclusive JayPlus program today.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UWV. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

Travel worry-free with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco or visit our website.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart inside.
