

2004 DESIGNER® TRAVEL TRAILERS AND FIFTH WHEELS BY JAYCO®

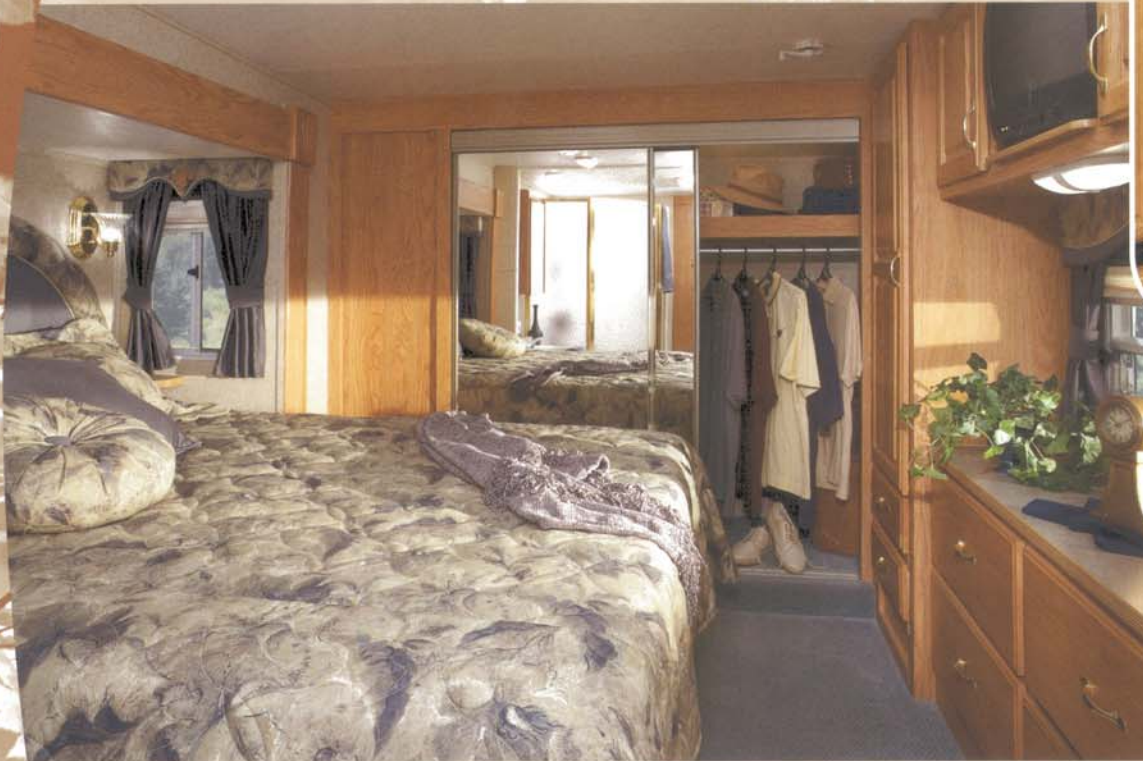

Find comfort in your very own room with a view.

DESIGNER® FIFTH WHEEL

Even though you've been from New Mexico to New Brunswick, from Vicksburg to Vancouver, there's still plenty out there you haven't seen. When you journey to those new places, you want to travel the same way you live ... in comfort and style. Travel in the Designer® fifth wheel by Jayco® and you'll experience the excitement of all those new sites while bringing along all the refinements of home.

29 RLTS interior

Standard bedroom slideouts give you more space without added cost. You also gain storage beneath the bed, which lifts easily on struts for storage beneath.

The entertainment center provides a place for an optional 24" flat-screen TV (20" on travel trailers).

The bathroom includes a home-like ABS tub or optional shower with surround and glass shower door. A laundry chute with basket beneath the vanity provides a place for dirty clothes.

Sit down to eat and enjoy the great views from your large dinette picture window.

YOU MIGHT NOT SEE EVERY NATIONAL PARK. BUT YOU CAN TRY.

29 RLTS exterior

The kitchen makes preparing meals a pleasure with an island work area and elegant black appliances, such as a Samsung® over-the-range microwave with built-in exhaust fan. The convenient sponge holders let you store sponges and other kitchen utensils right where you need them.

Nothing beats the taste of food grilled outdoors. Our optional portable gas barbecue grill comes with a handy carrying case.

Designer® fifth wheels give you added storage space in the side compartment and easy access for two 30-lb. LP gas bottles with regulator.

DESIGNER® TRAVEL TRAILER

You're nestled amongst the scented pines and maples, soothed by the sounds of a gentle stream and calmed by the atmosphere of peace on your vacation hideaway. After an evening walk through the woods brings a pleasant end to your day, you'll be glad to return to your Designer® travel trailer. Equipped with discriminating levels of style, comfort and refinement, it places you seamlessly into the beauty of your surroundings.

28 FBS interior

Our "chill grill" ceiling-mounted air conditioning distribution panel allows you to quickly cool off the living area. The panel makes changing the filter easy, too.

In the bedroom, you're comforted by beautiful touches such as a designer bedspread and fabric headboard and conveniences such as a TV cabinet or flip-up TV shelf and large pass-through storage (some models).

The bathroom treats you to elegance with standard features such as a residential-style wood medicine cabinet with mirror, brass and chrome fixtures and a tinted shower skylight.

EVERY EVENING STROLL SHOULD BE AN ADVENTURE.

28 FBS exterior

Your Designer® travel trailer will look great for years with fiberglass front cap with radius corners and Filon® fiberglass exterior sidewalls, or optional high-gloss Gel-coat fiberglass exterior.

The optional outside entertainment center lets you add music to your outdoor party, and features a spare 110V duplex power outlet for your additional items with a heavy waterproof locking cover.

Get a convenient place to store longer items such as fishing poles and gear in the front trunk, with convenient pass-through access from both sides (select models).

DESIGNER® TOWABLES

WINDS HOWL. RAIN POUNDS. ROADS PUNISH.

The seamless one-piece rubber roof shrugs off the hardest rains, reflects heat and reduces noise.

1/4" roof decking

Our 5" TuffShell™ vacuum-bonded crowned roof is stronger than those used by other manufacturers.

Extra-strong TuffShell vacuum-bonded sidewalls are constructed with aluminum framing. Everything is anchored to the floor, so the floor supports the weight of the walls.

Ducted A/C venting

End caps are one-piece molded fiberglass (front and rear on Fifth Wheel; front only on Travel Trailer). They lend a sleek aerodynamic look and they're dent-resistant, too. Repairs, if required, are easy.

High-gloss Owens Corning® Gel-coat fiberglass sidewalls.

Strong 5/8" plywood flooring is tongue and groove, so seams stay firmly attached.

Insulated in-floor ducted heating distributes heat evenly and frees up more space for cabinets.

R-7 blanket insulation

Puncture-resistant PolyFlex™ lines the underside of the floor. All holding tanks are insulated and heated, and bottoms are wrapped to create a fully enclosed underbelly.

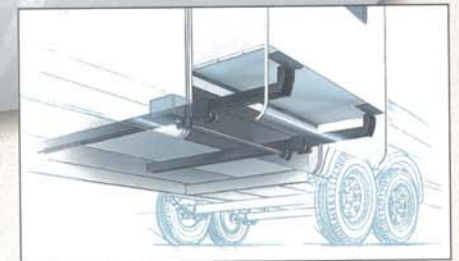

Worry about making the most of your adventure, not the height of your tow vehicle. Designer® fifth wheels feature standard Jake Plate™ adjustable axle hanger plates. Twice as strong as traditional single spring hangers, they allow you to adjust the axle height to accommodate tow vehicles of different heights.

Our rugged, double-stacked 12" tubular steel frame is stronger and won't flex as much as the typical C-channel frame most RVs are built on, so Designer is more rigid and stable.

In the heart of the Midwest, old-world craftsmen have handed down tried-and-true construction methods from generation to generation. At our headquarters in Middlebury, Indiana, Jayco® continues this tradition when building all of our recreational vehicles. Our rugged designs, solid construction and commitment to quality add up to a well-built vehicle you can depend on for years.

Enjoy wide-open spaces, outside and in. Jayco's PowerDrive™ slideout expands your living space by simply pushing a button. A strong 12" stacked tubular steel frame allows Jayco to utilize the flush-floor slideout system and gives you 6'3" of headroom. Our PowerDrive mechanism consists of a rack-and-pinion drive, low-friction gearing and high-torque electric motor that uses only 10 amps, so it won't drain your battery.

BUT YOU'RE UP TO THE CHALLENGE.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, LP gas, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, LP gas, tools, other cargo and dealer-installed accessories* that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW.

*The addition of options will decrease the CCC.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and

[^]Includes Water Heater

rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. **When you tow an RV, you must drive differently than you do when driving a single vehicle.** Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction.

See specification chart above. Jayco® affixes a weight label to each new RV which lists weight information for that vehicle.

ENJOY JAYCO'S CUSTOMER FIRST ROADSIDE ASSISTANCE

You can travel worry-free in your Designer® Recreational Vehicle and concentrate on having fun, thanks to Jayco's new Customer First Roadside Assistance program. This service, free during your first year of

ownership, provides complete roadside assistance, emergency road service and special support benefits that follow you wherever your travels take you. This program is offered through Coach Net, the largest RV emergency road service in the country. With a simple phone call, you get immediate access to dependable service when and where you need it, including:

- **Emergency Roadside Assistance.**

Gain covered benefits with no out-of-pocket expense throughout the U.S. and Canada (includes one additional family car).

- **24-hour Toll-Free Emergency Message Service.**

Stay in touch with family and friends anywhere in the country in case of an emergency.

- **\$500 Trip Interruption Reimbursement.**

If you're in an accident, get reimbursement for your car rental, meals, lodging ... even a plane ticket home.

- **Toll-Free Nationwide Service Appointment Assistance.**

Simply call us to set up an appointment where and when you want it and we'll take care of the rest.

- **Free Custom Trip Routing and Full Color Map Service.** Receive easy-to-follow maps, travel tips, places to see and much more.

- **Service Assistance.** Get simple directions to the closest of more than 6,800 qualified agencies throughout North America.

- **Free Dispatch of On-Site Mechanical Service in the Event of a Breakdown**

- **Free Jump Starts**

- **Free Tire Changes**

- **Free Fuel Delivery**

- **Free Lockout Service**

- **Free Travelers Checks**

- **\$1,000 Auto Theft or Hit-and-Run Reward**

The Jayco® 2+3 Warranty is a manufacturer's warranty. It doesn't come from your dealer, and it's not an extended warranty! It comes from the people who build Jayco recreational vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months from the date of purchase against defects in materials and workmanship. This is full hitch-to-bumper coverage on

WE BACK WHAT WE BUILD

towables and bumper-to-bumper on motorized RVs. The Jayco warranty includes a three-year (3) structural guarantee. In addition, our warranty is transferable within the first two (2) years for a \$100 processing fee. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business! For a copy of the warranty with full terms and conditions, ask your local Jayco dealer or visit our Web site.

See dealer for further information and prices.

FAMILY OWNED. FAMILY FOCUSED.
